

## PROFESSIONAL PUBLISHING MADE SIMPLE

Network Printing is becoming more and more complex. Printing speeds continue to rise. Print jobs are becoming more time-consuming. Users are overwhelmed with new technology. Ricoh Printing Systems America, Inc. (Ricoh), a leader in on-demand printing solutions, has responded to these growing complex challenges with a new Publishing Finisher for our high speed DDP series printers. This superb in-line finisher provides professional quality finishing at a cost lower than similar publishing solutions. Features such as Center-Folding, Saddle-stitching, Sheet Insertion, Trimming and Stacking are all available on the Ricoh Publishing Finisher. Sheet Insertion occurs post Fuser, allowing you to insert various media types without the necessity of running them through the fuser.

When adding the functionality of the Publishing Finisher, the features of the Standard Finisher are not lost, as the Publishing Finisher works in-line with existing DDP 184, DDP 92, and 70e configurations.

When combined with Ricoh's printing solutions the overall system provides amazingly low cost per printed document, while maintaining professional output.

## Feature Identification:

**Saddle-Stitch** - Binding method which places staples in the center fold of a booklet, magazine or catalog.

**Center Folding** - Creating a fold along the center of a printed page producing the standard booklet form for printed materials. Typically used in conjunction with **Saddle-Stitching**.

**Trimming** - The process by which the Publishing Finisher trims the outer edge of the finished booklet to create a professional clean edge, rather than the outer edge bulge that will occur without this feature.

**Stacker** - This is an output feature that stacks completed print-outs, aligning them in folded edge down orientation.

**Sheet Insertion** - The Publishing Finisher will insert cover, and/or insertion sheet(s) that may be a different paper type, or pre-printed pages.

## Specifications

### GENERAL

<b>Paper Size</b>	Ledger, Legal, Letter, A3, B4, A4, Tabstock Custom Size(7.2" x 10.1" to 12" x 18") Maximum booklet size 12" x 8.5"
-------------------	--

### Booklet Making

<b>Paper Weights</b>	Sheet: 16 - 24 lb. bond (60 - 90 g/m <sup>2</sup> ) Cover: Up to 110lb. index Maximum: 16 sheets 20 lb. bond paper
----------------------	--

<b>Sheet Insertion</b>	Sheet: 16 - 24 lb. bond (60 - 90 g/m <sup>2</sup> ) Cover: Up to 110lb. index Maximum: 12" x 18"
------------------------	--

### PHYSICAL

<b>Voltage</b>	200-240 VAC, 50/60 Hz
----------------	-----------------------

<b>Power</b>	1200 W
--------------	--------

<b>Weights (Std. Configuration)</b>	620 lbs. (280 kg)
---	-------------------

<b>Dimensions (Std. Configuration)</b>	44"H x 50" W x 27" D (110 x 127 x 67 cm)
--	--

<b>Speed</b>	Maximum: 6 booklets/minutes
--------------	-----------------------------

### RELIABILITY

<b>Booklet Binding Error</b>	1/1,000 Booklet
------------------------------	-----------------

<b>Failure Rate</b>	1/1,000 Impressions
---------------------	---------------------

### CONSUMABLES

<b>Staple Cartridge</b>	5,000 staples per cartridge
-------------------------	-----------------------------
